

# THE LION OF JUDAH ACADEMY BULIMA, TANZANIA -- EAST AFRICA

## Faculty and Staff Profiles and Photos

This is an Abode PDF file containing information about The Lion of Judah Academy staff and faculty. All of this information was gathered in August, 2011.

There are several ways to enjoy this information.

First, you might want to adjust the "zoom" level. In the top bar you'll find a number with the percent sign (%) next to it. You can set that to suit your preference...a larger number will increase the size, a small number will decrease the size.

Next, you can look through the information in a couple of ways:

1. Just browse through, person-by-person. The staff is organized randomly, so there is no particular order. You can use a scrolling mouse, if you have one...or just move the scroll bar on the right side of the screen up and down.
2. Search for particular names or other information. There is a 'search' window at the top, probably toward the right side (it may have the word, "find," in it). You can type in a search term here. For instance, if you want to find the information about Mtebe, the school director, just type "Mtebe" in that space and hit "enter." Each time you hit, "enter" it will go to the next occurrence of that name. Or let's say you want to see who is teaching geography. Type in "geography" and you will go to each geography teacher.

We hope you enjoy meeting and getting to know the staff.
